Cases where visas are expiring

What is Embassy of India in Stockholm's advice for those who are running out of their visa?

It is suggested to send Visa extension application to Migrationsverket by post (or by booking an appointment directly with them) before the date of expiry of Visa.

An appointment must be booked for visiting them, through their website, even if the application is sent through post. If it is hard to get the appointment, the best way is to initiate the process through post, before the date of expiry of Visa.

Please note that one must mention a clear reason that since India has prohibited all the flights till 14/04/2020, it is not possible to travel to India.
