The past purchase order copies obtained from the user organizations will be kept entirely confidential & this will only be for tallying the prices for reaching at proper decision by Decision Making Committee of CSIR-IICB.

1.12 The institute also may seek performance certificates from equipment manufacturers/the user organizations so as to confirm satisfactory functioning, installation & commissioning of the equipment.

1.13 In order to assess the financial solvency of a firm Director, CSIR-IICB may seek a report from the bankers of the technically evaluated lowest quoting firm in order to assess if the firm is financially capable of executing the purchase order/work successfully.

1.14 It will be the responsibility of the manufacturer/vendor/supplier to arrange the demonstration of the offered equipment at their cost if desired by CSIR-IICB failing which their offer will be considered as non-responsive and non-compliance to the terms & conditions of the tender document. Such demonstration, if arranged by the vendor on IICB's request, must establish the technical specifications and parameters of the tendered technical specifications of CSIR-IICB for the acceptance of their offer.

 - (iii) The installation, commissioning & Training charges if any.
 - (iv) For other charges i.e., the CIF/CIP prices quoted by any foreign bidder shall be loaded further as mentioned in Clause No. 31.5.1 (a) & (b).
- (d) The above points when added together as per (b) and (c) would be the basis of evaluation between indigenous & foreign bidders for deciding the lowest technically suitable bid. Please note that this cost comparison of technically suitable bids is only applicable in cases where there is one or more indigenous (INR) Quotes compared to foreign currency quotations.

The FOB/FCA price quoted should have all the charges built into it till the consignment is booked at the departing port. In case of import IICB will arrange insurance from supplier's warehouse to IICB stores at Kolkata.

Note : The offers of the firms who quote on Ex-works basis and do not mention the handling, documentation, packing, forwarding, transportation & insurance charges etc. separately will not be considered a responsive bid and the acceptance of such bid will vest entirely with the Director, IICB, Kolkata.

31.5 PROCESS OF EVALUATION (BETWEEN INR QUOTE & FOREIGN CURRENCY QUOTE):-

31.5.1 The comparison between the indigenous and the foreign offers shall be made on FOR

destination basis i.e., F.O.R CSIR-IICB, Stores, Kolkata and CIF/CIP basis of the foreign currency quote respectively. However, the CIF/CIP prices quoted by any foreign bidder shall be loaded further as under:

- a) Towards customs duty and other statutory levies –as per applicable rates.
- b) Towards custom clearance, inland transportation etc. - 2% of the CIF/CIP value as per CSIR Purchase rules of Good and services – 2008 and Purchase manual of Best Practices – 2008. The above cost comparison of technically suitable bids would be applicable only in cases where one or more indigenous and foreign quotes are being compared.

Note: Where there is no mention of packing, forwarding, freight, insurance charges taxes etc. such offers shall be rejected as incomplete. For the purpose of Custom Clearance Kolkata Air Port / Sea Port would be our destination port. All Firms quoting FOR IICB, Kolkata should mention in their quote about Transport Charge, Road Permit (Way Bill) and safe delivery at CSIR-IICB Stores.

Note: In case where the foreign principal quotes and he does not have an agent in India then the foreign service engineer visit and AMC charges should be provided. The foreign service engineer's visit during installation & commissioning would be added for the purpose of cost comparison and selection.

31.6 PROCESS OF EVALUATION: (BETWEEN TWO OR MORE FOREIGN CURRENCY QUOTE):-

In the purchase of many items against one tender, which are not inter-dependent or where compatibility is not a problem the comparison would be done on FOB/FCA price + 02 (TWO) years comprehensive warranty to facilitate the proper cost comparison of technically suitable foreign currency bids. This evaluation would be followed while comparing two or more foreign currency quotes. Thus the (FOB/FCA prices) + 02 (TWO) Years comprehensive warranty and would be taken into consideration while finalizing the technically suitable lowest quoting firm. All the bidding firms should ensure that their FOB/FCA price should have packing, forwarding, internal freight, insurance charges mentioned so as to make it a technically responsive quote. The CIF/CIP prices quoted in such cases only act as an estimate and would not be taken for comparison of two or more foreign currency quotes. The Annual Maintenance Charges would also not be the basis of evaluation. The Annual Maintenance charge would only be an estimate so that CSIR-IICB can take a decision at a future date whether it wants to enter into an AMC for the particular equipment at the price quoted by the bidding firms. To make it a technically responsive bid firms should quote both FOB as well as their CIF Kolkata, India, charges

although for cost comparison purposes and for deciding the technically lowest quote the (FOB/FCA prices) + 02 (TWO) years comprehensive warranty would only be the basis of evaluation between two or more foreign currency quotes taken into consideration.

Note: In case where the foreign principal quotes and he does not have an agent in India then the foreign service engineer visit and AMC charges should be provided. The foreign service engineer's visit during installation & commissioning would be added for the purpose of cost comparison and selection.

The Institute seeing the competitiveness of the CIF / CIP price quoted can place the order on CIF / CIP basis but the basis of evaluation for deciding a technical suitable lowest quoting bid would be (FOB/FCA prices) + 02 (TWO) years comprehensive warranty.

31.7 Conditional tenders/discounts etc. shall not be accepted. Rates quoted without attached conditions (viz. Discounts having linkages to quantity, payment terms etc.) will only be considered for evaluation purpose. Thus conditional discounted rates linked to quantities and prompt/advance payment etc, will be ignored for determining *inter-se* position. The Purchaser however reserves the right to use the discounted rate/rates considered workable and appropriate for counter offer to the successful tenderers.

31.8 Where there is no mention of packing, forwarding, freight, insurance charges, taxes etc. such offers shall be rejected as incomplete. *Therefore quotations showing only Ex-Works (EXW) prices shall be rejected summarily.*

31.9 If the bidder has quoted certain optional items, these items should not be taken into consideration for the evaluation of the bid unless the specifications of the optional item quoted by the vendor are part of original indented specification.

31.10 Final & Frozen technical specifications after Pre-Bid Conference by CSIR-IICB will be the parameter of technical evaluation of the offered equipment by the vendor along with eligibility criteria and other terms & conditions mentioned in the tender enquiry of CSIR-IICB. Vendor is requested to offer the model which completely satisfies the technical specifications of CSIR-IICB.

31.11 Any clarification on technical points asked by the technical committee of CSIR-IICB will be for the clarity of the equipment for arriving at a proper decision. Any clarification from the vendor of such nature which modifies the original quote in order to suit the technical specifications of CSIR-IICB after opening of technical-bids will not be accepted.
